Infinite Solutions

TOOL CABLES

***Infinite Solutions
in Tool Cables***

A glimpse into our journey

With a robust vision to become a world leader in providing Customized Cable Assemblies for Industrial Automation, Sahajanand Impex Pvt. Ltd. was established in the year 1985 at Mumbai-India. With an unrelenting zeal for research and innovation, we strive to provide the best solutions to our customers for the most demanding applications for various industries such as **Automobile, Robotics, Military, Railways, Machine Tools, Automation etc.**

Sahajanand offers 100% compatible **Tool Cables for DC Nut Runners** of various brands such as **Atlas Copco, Cleco, Stanley, Bosch Rexroth, etc.** Our Tool Cables are highly flexible, cost effective and have a long service life with short lead times. Sahajanand Tool Cables can be ordered with customized lengths resulting in substantial savings to your company in addition to a trouble free operation on the shop floor.

Sahajanand's obsession for quality is the driving force in finding **Infinite Solutions** for its customers.

Features and Advantages of Sahajanand Tool Cables

Sahajanand Tool Cables can withstand extreme torsion, bending & twisting of the Tool Cables by the tool operator.

Sahajanand Tool Cables are built keeping in mind the extremely tough conditions prevailing on the shop floor.

Made using the highest quality of Cables, Connectors & Accessories as per international standards.

Manufactured by highly skilled and experienced technicians using the most advanced tools and equipments for assembly and testing.

Adequate stock of Cables, Connectors and Accessories to cater to customers requirements at short notice.

Each Tool Cable undergoes strict quality & performance tests thereby ensuring complete customer satisfaction.
